Subject: RE: Follow Up Conference Call re Fish Sampling Effort - this Friday 10:00 PDT (1:00 EDT)
Date: 08/24/2011 03:34 PM

Thanks Matt, 10:00am Pacific time works for me. Here is a status report on my action items:

I will be checking with both AnchorQEA and Integral about the power analysis (I've already spoken with Integral, and will follow-up with AnchorQEA).

I also discussed with Integral their availability to assist with the field activities (e.g., coordination with the fishermen, GIS measurements, packing the fish for transport to the lab...). Laura Jones with Integral will be calling Kevin Parrett at GSI to discuss details. We should have feedback in time for Friday's call.

If Integral decides to pursue this work (either as a sub to TetraTech or as a sub to GSI), they will make a formal request to LWG later this week (e.g., by the close of business Friday). The LWG Executive Committee will then consider the request next Wednesday, August 31.

Thanks,

Subject: Follow Up Conference Call re Fish Sampling Effort - this Friday 10:00 PDT (1:00 EDT)

Hello all,

It sounded like Friday was a good day for us to get back together and talk more details about fish tissue sampling for Portland Harbor this fall. Can everyone make 10:00 Pacific Daylight time (1:00 EDT)? If not, please suggest another time. The action items I noted from today, were that 1) Jim was going to talk to Anchor QE about the power analysis and with Integral about staff availability, 2) Chip (and others...?) were going to work on some details regarding the two different bass clubs, and 3) Younus was going to flesh out some details on different options for using the headquarters money. Anything else that I missed?

Thanks.
~Matt

Let's use Kevin's in case some haven't rechecked email prior to the call. Most East Coasters will be on.

Hi All - Since we haven't heard from Jen, let's use GSI's teleconference line and plan for 8:00 am (Pacific Time) unless someone has a conflict.

Thanks Rick.

BTW, I just got a voice message from Karl. Seems the earthquake back east forced an evacuation of his building, and then all the cell lines were overwhelmed. Hopefully we can get him on the phone tomorrow morning. Jim.

I'm adding Jen to the cc list of this email chain so she can help us
arrange a time and call-in number.

I can do 8:00am. Jim.

How about I have Jen set something up for tomorrow using an LWG call-in
number. We do not have an Exec meeting tomorrow so will early morning
work for everyone? Jim.
